

Love song - 1/2

Interprété par Korn.

Mother!
Your holding my heart, screaming
Motherfucker!
They left me broken, bleeding
Son of!
The man you loved and left for
The son of a bitch!
Who tried to show me their scar

Everything's illuminating
Everything is dedicating
My belief the stuff I hated?
Never get what's over-rated

Love song for the dear departed
Head stone for the broken hearted
Arms? to kill
Or flowers to steal
Head-drift for the mortal earth bound
One sip of the blood that I found
Lieing here
Im dying here

As in!
The bitch who's worries rain down
Its ok!
We're lieing naked face down

What's it like decapitated?
Can you see me fasinated?
Your the only thing I've damaged
What you get to be mis-managed

Love song for the dear departed
Head stone for the broken hearted
Arm's to kill
Or flowers to steal
Head-drift for the mortal earth bound
One sip of the blood that I found
Lieing here
Im dying here
Dying here..

Don't bring me dafadils
Being a boquet of pills
See some duranium
Cracked to the cranium

Love song - 2/2

Protect me when you can
Respect me when I am
Dying

Love song for the dear departed
Head stone for the broken hearted
Arm's to kill
Or flowers to steal
Head-drift for the mortal earth bound
One sip of the blood that I found
Lying here
Im dying here

Love song for the dear departed
Head stone for the broken hearted
Arm's to kill
Or flowers to steal
Head-drift for the mortal earth bound
One sip of the blood that I found
Lieing here
Im dying here
