

Devil archerists - 1/1

Interprété par Bethany Joy Lenz.

This day probably tore me apart
And I didn't even know it
This day probably ate up my heart
And I got nothing to show for it
Why (why) is it so so (so) easy to compromise

This fog is like strawberry pie
But it keeps you keeping reaching
Here I am just watching you die
Just watching death coming up coming up creeping
why (why) don't you start (why) calling me ungrateful, oh yeah

Keep me away I've got no will to fight
Keep me away, I'm running to the light
Cause I don't want to lose your way
With these devil archerists

My soul hear a million to one say
I didn't even see it
Looking up looking down at my soul
Looking everywhere but where the help was coming from
Why (why) do I seem broke and stumbling every time I get hit ?

Keep me away I've got no will to fight
Keep me away, I'm running to the light
Cause I don't want to lose your way
With these devil archerists

Come on now

Keep me away I've got no will to fight
Keep me away, I'm running to the light

Keep me away I've got no will to fight
Keep me away, I'm running to the light
Cause I don't want to lose your way
I don't want to lose your way, no
With these devil, (devil) devil archerists
