Interprété par Bethany Joy Lenz.

(I'm not completely sure of the lyrics. Haven't heard the song  
And I fixed a few spelling mistakes, but there are still some misses ...  
Anamariah)

Well  
I guess I can't argue with you  
If you think you've found her  
So long then say bye, bye  
No crittigs compation ?  
I'm better of alone, hey  
So bye, baby bye

Hey what's the matter, boy  
I thought you said you where leaving me  
I ain't crying cause it don't suit my padegry ?  
o and one more thing

You missed out big time, baby  
I'm the best damn lover you had ever had  
Missed out big time, baby  
And I won't be coming around here again

What's done is done now  
I can't change it all around no  
Still got my repation  
Can't think of a better way to go, than  
Leaving you with her  
Haha, well good luck with that one boy

Haha, baby looks like his losing his  
Nerves a little bit  
Honey don't you know I've been  
Sitting here waiting for it  
Oh, and one more thing

You missed out big time, baby  
I'm the best damn lover you had ever had  
Missed out big time, baby  
And I won't be coming around here again

Hey, what's the matter boy  
I thought you where saying you where leaving me  
Fragile little ego he's got there, doesn't he  
Oh, and one more thing

You missed out big time, baby  
I'm the best damn lover you had ever had
