

Rescue me - 1/2

Interprété par Tokio Hotel.

This used to be our secret
Now i'm hiding alone
Can't help but read our names on the wall
And wash them off the stone
I trusted you in every way
But not enough to make you stay. turn around
I've lost my ground

Come and rescue me
I'm burning can't you see ?
Come and rescue me
Only you can set me free
Come and rescue me
Rescue me
Rescue me

We lied when we were dreaming
Our crying was just fake
I wish you could deny it. here and today
My SOS on radio. the only chance to let you know
What i feel
Can you hear ?

Come and rescue me
I'm burning can't you see ?
Come and rescue me
Only you can set me free
Come and rescue me
Rescue me
You and me
You and me
You and me
The worlds are coming closer
My senses fade away
I'm haunting by your shadow
I wish to feel your face
You're not here. are you here ?
Come and rescue me
Rescue me

Come and rescue me
I'm burning can't you see ?
Come and rescue me
Only you can set me free
Come and rescue me
Rescue me
You and me

Rescue me - 2/2

You and me
Rescue me
You and me
Set me free
Rescue me !
