

Stay friends - 1/2

Interprété par Tokio Hotel.

You are what I don't wanna be
You rather be dead than being Bill
Tokio So you too - You don't have to thank me
I got no idea what it is
Hotel What makes me sick when you're there
Damn butthead do not take it personal
Stay
I don't talk such shit like you do
I don't go for the same bands like you do
Friends That is okay with me
But do me only this one favour
Songtexte
Please let's keep on to not stay friends
I prefer that we don't like each other
Songtext Never have the same opinion
Is better to brown-nose each other
Lyrics Let's please keep on to not stay friends

That is also okay with you
Lyric Isn't it
Without guys like you and me
It would be humdrum
Liedertexte
I have to see you every day
And the others who do understand
Liedertext You are the coolest among complete idiots
