

## I bet - 1/2

**Interprété par Mario Vazquez.**

If I were a builder, then you'd have a castle  
To rival the highest mountain  
And if I were a billionaire, I'd give you every material thing.  
But unfortunately, all I have to give to you is an imperfect heart  
But it's a heart that beats only for you

Listen to this, girl if you give me one shot  
I will love you forever now  
No one'll ever do you better now  
Love is a risk, but if you give me one shot  
I will show you you're the only girl in the world who can  
Give me this feeling  
Baby, that's how I feel about ya  
You're one in a million  
I'd rather die than live without ya  
We can't miss, so if you give me one shot  
We can do it, girl (do it, girl)

I'm talkin' 'bout love in the morning, just like you want it  
Anything you need, you can call me for it

Now girl I'm only human  
I'm full of many faults  
I'm guaranteed to fall short  
But you'll never hear about me cheating  
'Cause I never would betray your trust  
No matter what  
I will look to you, and only you for love  
I'd treat your soul like it was mine  
What a privilege for me to breathe your air  
Doesn't that say that I care ?

Listen to this, girl if you give me one shot  
I will love you forever now  
No one'll ever do you better now  
Love is a risk, but if you give me one shot  
I will show you you're the only girl in the world who can  
Give me this feeling  
Baby, that's how I feel about ya  
You're one in a million  
I'd rather die than live without ya  
We can't miss, so if you give me one shot  
We can do it, girl (do it, girl)

I'm talkin' 'bout all my heart, all my soul  
Always stay, never go

The rest of your days, the rest of your life
