

## Don't lie - 1/2

Interprété par Mario Vazquez.

I hear the words you speak  
it's clear everytime  
the middle and end of sounds of every line  
but do they mean a thing when defenses are stopping you ?  
from saying everything that i need you to

Do you know what it's like ?  
When it kills, it's a crime  
When the one that you want is only speaking in empty rhymes

'Cuz i want you want you want you  
i'm falling over you  
so don't tell me tell me tell me  
the sun will see the moon  
when i need ya need ya need ya  
you make me wait in line  
just be cool tonight, don't lie

Do you remember the first time when it was you and I ?  
When lonely days and memories erased with time  
And everything in front of us was ours to lose  
yeah, but somewhere along the way you had to choose

Do you know what it's like ?  
When it kills, it's a crime  
You tell me you want me  
but I don't see you standing by

'Cuz i want you want you want you  
i'm falling over you  
so don't tell me tell me tell me  
the sun will see the moon  
when i need ya need ya need ya  
you make me wait in line  
just be cool tonight, don't lie

Yeah, i thought you could be something more like the light in my life  
but these barricades get bigger and bigger  
time passes by  
there's a web filled with holes and i can't help myself  
i keep falling through  
just say anything, right now that you'll do

ooohh, don't leave me  
we'd be losing

Do you know what it's like ?

## Don't lie - 2/2

When it's gone it's a crime.  
It's so obvious, but we know  
that the truth's not kind

'Cuz i want you want you want you  
i'm falling over you  
so don't tell me tell me tell me  
the sun will see the moon  
when i need ya need ya need ya  
you make me wait in line  
just be cool tonight, don't lie

Just be cool tonight, don't lie
