Hotel motel, Holiday Inn

Vein popping
Heart clogging
Name dropping
Life stopping
Got no strings
But I think with my dingaling-aling
Can't sing, can't speak, tin-tong's
Tong-ting
I'm popping
And I'm locking
Pulse stopping
Hypnotic
Got no strings
But I think with my dingaling-aling
Wing chang with the ching ching
Tting tong's tong ting

I love my Mum and I love my Dad
The love I have and the love I've had
So much love it's driving me mad

If you're in the club
And you hear this sound
Come on everybody boogie down
Boogie down

Running in the fast lane
Speeding in the dark
Trying to maintain
The feelinf in your heart

No leaving
Shallow breathing
Girl weeping
Teef teathing
Got no strings
But I think with my dingaling
Wu-tang with the bling bling
Sing a song sing, sing
Naughty things, anything
We're geezing
Day creeping
Got not strings
But I think with my dingaling
Wu-tang with the bling bling

I spin with a tin tin gin grin

I love my Mum and I love my Dad
They never have any love I've had
So much love it's driving me mad

If you're in the club
And you hear this sound
Come on everybody boogie down
Boogie down

Running in the fast lane
Speeding in the dark
Trying to maintain
The feelinf in your heart

Hotel motel, Holiday Inn

Croups crouping
Roots rooting
Ludes looting
Loops hooping
Got no strings
But I think with my dingaling-aling
Two-two for the two-ting
Tong-ting two stonking
Two's two
Looks lukiing
Fruits fruiting
Sleuths sleuthing
Got no strings
I think with my dingaling-aling
Root-root for the rooting
Toot-toot for the tooting

I love my Mum and I love my Dad
They never have any love I've had
So much love it's driving me mad

Blood clotter
Slender tone
Say tres bon
Like a dingading dongadong-adong
Sound of the town
Gets a little louder
He saw and I saw my saw mine
If you're in this club
And you hear this sound
Come on everybody boogie down
