

## Feels like sunday - 1/2

Interprété par Jesse Mccartney.

The night's over  
your fading  
It always ends the same  
Your heads on my shoulder  
as we pull away

So many good times you and I  
It makes it so hard to say good-bye

Cause it always feels like Sunday  
When I drive you home  
Baby, we'll be fine by Monday  
but tonight I'm alone  
Baby, when I can't be with you  
I still want you close  
Cause it always feels like Sunday  
When you go  
When you go

Your sent on my t-shirt  
it never seems to fade  
an empty seat now  
next to me but  
never is filled of space

Every moment your not here  
remindes me how much I need you

Cause it always feels like Sunday  
When I drive you home  
Baby, we'll be fine by Monday  
but tonight I'm alone  
Baby, when I can't be with you  
I still want you close  
Cause it always feels like Sunday  
When you go  
When you go on Sunday  
go on Sunday  
go on Sunday

Feels like Sunday  
It feels like Sunday

Cause it always feels like Sunday  
When I drive you home  
Baby, we'll be fine by Monday  
but tonight I'm alone

## Feels like sunday - 2/2
