

## Be my somebody - 1/1

Interprété par Norah Jones.

I'm too foggy today  
To know what you're sayin'  
Your lips are moving so fast  
And I just keep praying  
For them to slow down  
So I can make some sense  
Of the words that are pouring out  
Of your crooked spout

Last night was a record to be broken  
It broke all over the kitchen floor  
Oh no don't you go  
I'm coming back with a rag  
To wipe away the haze from the days  
We've forgotten all about

So be my somebody tonight  
Be the one who'll hold me tight  
Honey, please, please  
Cuz I've been so all alone  
And no one will pick up the phone  
So honey, please stay

I held your head up, do you remember ?  
When you wanted to make a blanket outta me  
Oh I can't lie ... I been keeping score  
And it's your turn to wring me out  
And lay me down to dry

So be my somebody tonight  
Be the one who'll hold me tight  
Honey, please, please  
Cuz I've been so all alone  
And no one will pick up the phone  
So honey, please stay  
Honey, please stay  
Honey, please stay
