Interprété par Rihanna.

Baby, baby  
When we first met  
I never felt something so strong  
You were like my lover and my best friend  
All wrapped in one, with a ribbon on it  
And all of a sudden, when you left  
I didn't know how to follow  
It was like the shock was comin around  
And now I'm haunted  
I feel so empty and hollow

And I'll never give myself to another the way I gave it to you  
Don't even recognize  
It's going to take a miracle to bring me back  
And your the on blame, and now I'm feel like  
Oooh

Your the Reason why I'm thinking  
I don't wanna smoke on these cigarette no more  
I guess that's what I get for wishful thinking  
Should of never let you enter my door  
Next time you wanna go on and leave  
I should just let you go and do it  
Cause now I'm using like I bleed

It's like I checked into rehab  
And baby your my disease  
It's like I checked into rehab  
And baby your my disease  
I gotta checked into rehab  
Cause baby your my disease  
I gotta checked into rehab  
Cause baby your my disease

Damn, it ain't crazy when your love's left  
Your doin anything for the one you love  
Cause anytime that you needed me  
I'd be there  
It's like you were my favourite drug  
The only problem is that you was using me  
In a different way that I was using you  
But now that I know it's not meant to be  
I gotta go, I gotta wean myself off of you

And I'll never give myself to another the way I gave it to you  
Don't even recognize  
It's going to take a miracle to bring me back
