

Loving you - 1/1

Interprété par Paolo Nutini.

Ohh ohhh woww yeaa

Back off loneliness and hello tenderness
I've been waiting for your call for so long
And it must been hard just to follow your soul
To stick to the road that your heart wants you to go
And as you slide through the door
With your morals on your sleeve
And I think it's time for all those morals to leave
So lets get down and freaky baby
Let's get restless baby come on get crazy with me

And I said
When you're loving me
I'm loving you and I love your prowess
And the things that you do and it's your flawless soul
That bleeds my stone and when your loving me
Im loving you and that's when we've got it goin' on

Oooooo so many people think weve got it wrong
They try to break us but we wont play along
So lets get down and dirty baby
Lets get restless baby

And I said
When you're loving me
I'm loving you and I love your prowess
And the things that you do and it's your flawless soul
That bleeds my stone and when you're loving me
I'm loving you and that's when we've got it goin' on
Oh goin' on and I was so

And I eneded another home
And you fly in my arms you just fly into my arms

And I said
When you're loving me
I'm loving you and i love your prowess
And the things that you do and it's your flawless soul
That bleeds my stone and when your loving me
I'm loving you and that's when we've got it goin' on

When you're loving me
I'm loving you and I love your prowess
And the things that you do and it's your flawless soul
That bleeds my stone and when you're loving me
I'm loving you and that's when we've got it goin' on
