

## Chick fit - 1/2

**Interprété par All Saints.**

Boy I can't stand your heat  
Got me lying awake  
I haven't eaten all week  
Got me obsessing all day  
Oh what you done to me  
Can't stop calling your name  
Check me I'm acting all weird

All my girls say boy I'm totally gone  
Acting crazy I don't know what I'm on  
It's not easy tryin'a put on a front  
Baby I'm speechless I don't know what you've done

Boy whenever you call my stomach's in bits  
I can't focus at all your got me twisted  
I live for that talk when you call me your chick  
Just so all the girls know I gotcha for keeps  
My coolness is blown I need my fix  
In a matter of days I'm not myself  
I'm all over the place I get a chick fit  
When I hear your name I totally flip

Boy you're too hot for me  
Can't stop melting away  
When I see you I can't speak  
Switching when I see your face  
Acting like I'm a teen  
Waiting outside your place  
Boy this is really not me

All my girls say boy I'm totally gone ...

Boy whenever you call my stomach's in bits  
I can't focus at all your got me twisted  
I live for that talk when you call me your chick  
Just so all the girls know I gotcha for keeps  
My coolness is blown I need my fix  
In a matter of days I'm not myself  
I'm all over the place I get a chick fit  
When I hear your name I totally flip

Completely lost my mind  
Something's taken over me  
Boy you're one of a kind  
Just how a man's s'posed to be  
Acting like I'm a teen  
Calling you every day
