

## Whatever you do to me - 1/1

Interprété par Take That.

I'm mad at you, because of all the things you do  
I want you to see the way your games are hurting me  
So why did I ever fall in love with you  
You're all of my nightmares and dreams come true

What can I do to make you talk this problem through  
You said you've nothing to hide  
So let me hear your feelings inside  
I never dreamed that I'd see this kind of thing in my life  
So baby, please let me go, let me go

Whatever you do to me  
Somebody else will do to you  
However you break my heart  
Somebody else will break yours too

All I can see are staring eyes of mystery  
I've tried to look behind before you take my dignity and pride  
We sit and talk all night, still you never seem to lose your height  
You believe in yourself, I hope I'm never gonna need your help

Whatever you do to me  
Somebody else will do to you  
However you break my heart  
Somebody else will break yours too

You don't want me, you don't need me, I got news now  
Cos baby I'm watching you

Whatever you do to me  
Somebody else will do to you  
However you break my heart  
Somebody else will break yours too
