

Can we chill - 1/2

Interprété par Ne-Yo.

Baby, don't you be so mean
I try to keep my conversation clean
But you the flyest thang I seen [yeah]
Since I came up in here, You're a superstar my dear
I don't wanna waste your time [don't wanna waste your time]
With no corny playa lines [corny playa lines]
But girl if you were mine, I would love to occupy the space right by your side

Girl, can we chil l?
Talk about we'll live together, Sure we will
But just for now, don't let my champagne spill on you as you make your move
To the floor, floor, floor, floor !
Girl, can we chill ?
Talk about we'll live together, Sure we will [Sure we will]
Later I'll do everything you want me to,
Making love to you beg for more, more, more, more, more !

Shorty, speaking honestly
I can picture you and me [picture you and me]
Being ever so discrete [ever so discrete]
Disappear into the back of this club, imagine that ?
Baby! Don't get mad at me, no baby girl I was just playing
Unless you really wanna go
You're in control
Just let me know
But right now my song is playing, so lets take it to the floor

Girl, can we chil l?
Talk about we'll live together, Sure we will
But just for now, don't let my champagne spill on you as you make your move
To the floor, floor, floor, floor !
Girl, can we chill ?
Talk about we'll live together, Sure we will [Sure we will]
Later I'll do everything you want me to,
Making love to you beg for more, more, more, more, more !

You don't have to rush, lets take it slow
Enjoy the night, babe. Then you decide if you want to
Get to know me on the physical side
Baby tonight [Oh baby, tonight!] Lets get right [let's get right!]

Girl, can we chil l?
Talk about we'll live together, Sure we will
But just for now, don't let my champagne spill on you as you make your move
To the floor, floor, floor, floor !
Girl, can we chill ?
Talk about we'll live together, Sure we will [Sure we will]

Can we chill - 2/2

Later I'll do everything you want me to,
Making love to you beg for more, more, more, more, more !
