

## Perfect strangers - 1/2

Interprété par Emma Bunton.

She was a girl  
Caught in a circle  
Waiting for something  
Playing for time  
Day after day  
Everything's perfect  
Perfectly normal  
In her life

On the wrong train  
In the rush hour  
Busy dreaming nothing  
Then everything changed

She saw his face  
They fell in love with the danger  
Remember the place  
That was the day we were perfect strangers  
Remember the day we were perfect strangers

He left on time  
But he's always rushing  
He's getting him somewhere  
Nowhere fast  
No one to leave  
No one to get over  
But there's something missing  
In his life

On the right train  
The girl with no name  
Looks up for a moment  
And everything change

He saw her face  
They fell in love with the danger  
Remember the place  
That was the day we were perfect strangers  
Remember the day we were perfect strangers

On the wrong train  
In the rush hour  
Busy dreaming nothing  
Then everything changed

I saw your face  
We fell in love with the danger

## Perfect strangers - 2/2

Remember the place

That was the day we were perfect strangers

Remember the day (I saw your face)

That was the day we were perfect strangers

Yeah, remember the day (that was the day we were perfect strangers)

Remember the day (remember the day we were perfect strangers)
