

Motherfucker, i don't care - 1/1

Interprété par Murderdolls.

I hate your voice and I hate your face
Exterminate you from the human race
Life's a joke and the joke is on you
Hey you, it's true, you suck, f**k you

I hope and pray every day
I'll get the news that you passed away
So take your life and turn it off
Goodbye, so long, get lost, f**k off
(chorus)
I don't care, motherf**ker I don't care
I don't care motherf**ker

Suicide's the only choice for you

To see you dead would be a dream come true
Slit your wrist and show God who's boss
Good bye, so long, get lost, f**k off

Why don't you do the whole world a favor
Connect your throat to the nearest razor
Or do I need to spell it out for you?
Well f.u.c.k. y.o.u.
(chorus)
(lead: tripp)
Motherf**ker, I don't care
Motherf**ker, I don't care
(chorus)
(lead: joey)
