

## Let's go to war - 1/1

Interprété par Murderdolls.

I'm the motherf\*\*king wrench  
Thrown in the gears  
Everything was great 'til I got here  
I'm a bad guy inside and out  
Put your faith in me and I'll spit it out  
And I admit I'm a basketcase  
With lipstick smeared across my face  
Cocked and loaded, can't shut me up  
Blame it on the music to cover it up  
(chorus)  
Hey stupid don't suck your thumb  
Take your diaper off and put your helmet on  
Destroy 'til there is no more  
Put your helmet on, lets go to war  
Let's go, let's go, let's go, let's go

Some things are better left unsaid,  
But I'd like to see a bullet in your head

Charge the damage to my card  
And I'll see you on the graveyard boulevard.  
Have a boot to the face, it's sits on me  
Hard to talk shit with no f\*\*king teeth  
Spit 'em out, spit 'em out all in a row  
So pucker up sucker, here's one for the road  
(chorus)  
(lead: tripp)  
Shut your face and open your eyes  
Your whole f\*\*king life was a lie  
And everything that you stood for  
Just had it's ass kicked out the door  
Well I am rubber and you are glue  
I'll beat the motherf\*\*king shit out of you  
You're pro-life and I'm pro-death  
And I'll throw you from the tree  
And break your f\*\*king neck
