

Do it - 1/1

Interprété par Nelly Furtado.

You're standing at the door
I'm falling to the floor
You look even better than you did before
I'm staring at my feet
Wondering if I can do this
It's been a while but I couldn't forget you

Just a little look has got me feeling things
Just a little touch has got me seeing things
Just a little taste has got me off the chains
Doing things that I don't want to

(chorus)

Do it like you do it to me (I'm burning up)
Do it like you do it to me (it's not enough)
Do it like you do it to me just open up
Don't you know how much I want you

We're sitting real close and I can feel your breath
I wanna touch your hand but I lay back
Cuz you know this thing could sprial in the night
I've changed my mind I'm ready for you this time

(chorus)

We're sitting real close I can feel your breath
I wanna touch your hand but I lay back
We're sitting real close I can feel your breath

(do,do,do it)

(chorus)
