

## Resentment - 1/2

**Interprété par Beyoncé.**

I wish I could believe you  
And I'll be alright  
But now everything you told me  
Really don't apply  
To the way I feel inside  
Loving you was easy once upon a time  
But now my suspicions of you are multiply  
And it's all because you lied

I only give you a hard time  
I cant go on and pretend like  
I have tried - and tried - to forgive this  
But I'm much too full of resentment

Just can't seem to get over  
The way you hurt me  
Don't know how you gave another  
That didn't mean a thing  
No the very thing you gave to me

I thought I could forgive you  
And I know you've changed  
As much as I wanna to trust you  
I know it ain't the same  
And its all because you lied

I only give you a hard time  
I cant go on and pretend like  
I haven't tried to forgive this  
But I'm much too full of resentment

I may never understand  
Why I'm doing the best that I can  
I have tried - and tried - to forgive this  
I'm much too full of resentment

I'll always remember feeling like  
I was no good like  
I couldn't do it for you  
And your mistress could  
Its all because you lied

Loved you more than ever  
More than my own life  
The best part of me I gave you  
I would sacrifice ad  
It's all because you lied

## Resentment - 2/2

I only give you a hard time  
I can't go on and pretend like  
I have tried - and tried - to forgive this  
But I'm much too full of resentment

I know she was attractive  
But I was here first  
Been riding with you for six years  
Why did I deserve  
To be treated this way by you you

I know you're probably thinking  
What's wrong with B  
I've been crying for too long  
What did you do to me

I used to be so strong  
But now you took my soul  
I'm crying  
Can't stop crying  
Can't stop crying

You could've told me you wasn't happy  
I know you didn't want to hurt me  
Look what you've done to me now  
I gotta look at her in her eyes  
And see she is had half of me  
How could you lie
