

# Big brother - 1/1

**Interprété par David Bowie.**

Don't talk of dust and roses  
Or should we powder our noses?  
Don't live for last year's capers  
Give me steel, give me steel, give me pulsars unreal

He'll build a glass asylum  
With just a hint of mayhem  
He'll build a better whirlpool  
We'll be living from sin,  
then we can really begin

Please saviour, saviour, show us  
Hear me, I'm graphically yours

[CHORUS]

Someone to claim us, someone to follow

Someone to shame us, some brave Apollo

Someone to fool us, someone like you  
We want you Big Brother, Big Brother

I know you think you're awful square

But you made everyone and you've been every where  
Lord, I'd take an overdose if you knew what's going down

[CHORUS (3 times)]

We want you Big Brother
