

Past time with good company - 1/1

Interprété par Blackmore'snight.

Past time with good company
I love, and shall unto I die
Grutch so will, but none deny
So god be pleased so live will I
For my pastance
Hunt, sing and dance
My heart is set;
All goodly sport
To my confort
Who shall me let?

Youth must have some dalliance
Of good or ill some pastance
Company methinks then best
All thoughts and fancies to digest
For idleness is chief mistress
Of vices all... than who can say
But mirth and play
Is best of all?
