Love - 1/1

Interprété par Eskobar.

what you gonna do? when they say that love has gone its own way

could you really know how to play a game that has not yet been written today

watch these signs of warning as you pass them on your road remember all that has been said and all that has been told

My love don't you cry love if you try love you can do it

my love don't you need love if we tried love we could do it
