So the pierce screwed up your face
(Cos your) girlie liked the taste
Your infected by the tease Political
So your sexy guilty braids
Made your body smell of mace
So debauched in your slick mink Political
Yes it's fucking political
Everythings political
Yes it's fucking political
Everythings satirical
Yes it's fucking political
Everythings political
The wild ones like to hide
As the dirty priest confides
In the love of baby whores Political
Negative are all your views
So you to can prop up your fake cool
A puppet all the same Political
