

# Good things don't always come to you - 1/1

Interprété par Skunk Anansie.

Though you're lost in me  
You have to see  
When things ain't right  
Funny memories won't fill this need  
When things ain't right

Safe mistakes I have made  
Get burnt up inside my head  
Fatal sees but never believes  
The love that it saved wants death

Though you're lost in me  
You have to see  
When things ain't right  
Funny memories won't fill this need  
When things ain't right

Friends die hard  
But lovers conceive  
The vibe that they hold will please  
Smothered by sexual needs  
The fade as the days go by

Some things don't go as you want them to  
Good things they don't always come to you  
No they don't always come to you  
Hey hey

Though you're lost in me  
Though you're lost in me  
Funny memories won't fill this need  
When things ain't right

Though you're lost in me  
No no no you're lost in me  
Funny memories won't fill this need  
When things ain't right
