

Black dove (January) - 1/1

Interprété par **Tori Amos.**

She was a january girl
She never let on how insane it was
In that tiny kinda scary house
By the woods
By the woods
By the woods
Black-dove black-dove
You're not a helicopter
You're not a cop out either
Black-dove black-dove
You don't need a space ship
They don't know you've already lived
On the other side of the galaxy
She had a january world
So many storms not right somehow
How a lion becomes a mouse
By the woods
But I have to get to Texas
Said I have to get to Texas
And I'll give away my blue blue dress
She has a january girl
She never let on how insane it was
In that tiny kinda scary house
By the woods
