

# Crash - 1/1

**Interprété par Aerosmith.**

Sitting on a castle  
On the floor with Ezmorelda  
Waiting for the Geezer  
Captain Crunch to come around  
Feeling suicidal  
'Coz of certain situations  
Hanging from the stairs  
Too long  
I think I'm coming down

It's time to crash  
Losin' my mind, losin' my mind, losin' my mind  
Yeah it's time to crash

Doin' tons of colon blow  
Stuffing it in every hole  
Miles high so am I  
Watching Jimi kiss the sky  
Salle diner becomes a blur  
With everybody jammin'  
Republicans begin to sin  
The batwings start a slamming

It's time to crash  
Loosin' my mind, loosin' my mind, loosin' my mind  
Maybe it's a little late but it's time to crash

You drive me crazy

Captain Billy Beamish  
Put a lamb up on a rack  
Thanks for coming Billy  
And we hope you're coming back  
The castle will bw waiting  
For the next bangers and mash  
Blanche and Marsha Reznick  
Put their marmie with their hash

It's time to crash  
Losin' my mind, loosin' my mind, loosin' my mind  
Yeah it's time to crash
