

# I won't forget her - 1/1

**Interprété par A-ha.**

I won't forget her  
She was once my love

When I hold you in my arms  
Oh yeah  
You know I'll let you come to no harm  
Oh yeah

But if one day  
Much like today  
You stop and wonder what I'd prefer  
Well, you know I won't forget her

I won't forget her  
She was once my love

Did you see it in my eyes  
Oh yeah  
Did it make you realise  
Oh yeah

That one day  
Much like today  
My mind would wonder  
If she's still there

Cause you know I won't forget her

I won't forget her  
She was once my love

When I hold you in my arms  
Oh yeah  
She was once my love

I won't forget her  
She was once my love
