

Slept So Long - 1/1

Interprété par Korn.

Rocking, waiting
Long without a care
Hoping and waiting
The things that I can't bare

Did you think it's cool to
Walk right up since sake my life
And fource it up redice you
redice you

I see hell in your eyes
Take it in by surprise
Touching you makes me feel alive
Touching you makes me die inside

Working, waiting
Know without a cure
Hoping and hating
Things that I can't bare

Did you think it's cool to
Walk right up since sake my life
And fource it up redice you

I hate you

I see hell in your eyes
Take it in by surprise
And touching you makes me feel alive
I see hell in your eyes
Touching you makes me die inside

I slept so long without you
It's terring me a pointed out
A hell again (...)

I slpet so long witouht you

I see hell in your eyes
Touching you makes me die inside
