

Cuba Libre - 1/1

Interprété par Aqua.

Na, na, na, na, na, na

Her eyes were oceans of freedom
My mind strong like a kingdom
Nothing in this world could break our hearts

I close my eyes and believe in
One day we will meet when were dreaming
That's the only place where we can hide

Climbing the hill's like a lion
We will never give up trying,
No one could have forced our love apart

Libre love - libre us
Take me to the place where we can be

Cuba Libre be my love tonight
She was running down the streets of solitude
Cuba Libre be my love tonight
A lonely rose was bleeding from the root
And they sang
Na, na, na, na, na, na

I close my eyes and believe in - one day we will meet when were dreaming
that's the only place where we can hide

The music we made together - will always be there forever
Goodbye my love sleep tight tonight

Libre love - libre us - take me to the place where we can be

Cuba Libre be my love tonight
She was running down the streets of solitude
Cuba Libre be my love tonight
A lonely rose was bleeding from the root
And they sang
Na, na, na, na, na, na

Libre love - libre us - take me to the place where we can be

Cuba Libre be my love tonight
She was running down the streets of solitude
Cuba Libre be my love tonight
A lonely rose was bleeding from the root
And they sang
Na, na, na, na, na, na
