

My Immortal - 1/1

Interprété par Daredevil.

Every morning, after yawning, I look forward to a new beginning.
Something better, I wager, take odds on something true.
I swear, to you, no more misunderstanding.
It's good, so true, that I still hate you!
You're so exciting, like lightning, a quick flash that comes without warning.

If there's a dare in every prayer, some prayers just might come true.
I swear, to you, no more misunderstanding.
It's good, so true, that I still hate you!
Everybody wants to be on top, that's all right.
Everybody need a little time, that's natural.
Everybody wants to be assured, that's human.
Everybody needs a little love, that's too bad!
I swear, to you, no more misunderstanding.
It's good, so true, that I still hate you!
