

Tom Jones International - 1/2

Interprété par Tom Jones.

Refugee camp

Tom Jones, you ready baby ?

Let's go (4x)

1, 2 Tom's coming for you

5, 6 You better lock up your chicks

So let me see you shakin' till the sun comes

I try, ladies who forgot

What it feels like

Pussycat's come back

Late night, no matter where they are

They always gonna come home to Tom Jones

30 years strong, never went wrong

It's still in the game, I decide when I'm gone

Now I'm gonna set the whole house on fire

I won't stop barking, tonight we die

You know that I know you gotta move on the dance floor

We're blowing up this party with the sex bomb

Take my hand, understand

I've been rocking for years for across the land

So let me see you shakin' till the sun comes

1, 2 Tom's coming for you

3, 4 Won't bust in your door

5, 6 You better lock up your chicks

7, 8 My voice's too late

I try, ladies who forgot

What it feels like

Pussycat's come back

Late night, no matter where they are

They always gonna come home to Tom Jones

Now you're in the mood

To let me see you move

But got me hypnotized with the sound of my groove

Gonna take LA in fact to the ???

Turn on your satellite so we can see it burn wide

You know, that I know you gotta move on the dance floor

We're blowing up this party with the sex bomb

Take my hand, understand
