Interprété par Dr Dre.

Put your cups up, get your smoke in

Who you provokin', what you want now?
Take a look around, it's pimp shck)
All I really know your hoe wants to be with me and she ain't playin'
And what I'm sayin' (she creams with me)
And screams between the sheets
When she's all alone she sneaks out to be with me
And what I'm sayin' is she ain't playin' (she creams with me)
And sleeps between the sheets
