

Do I - 1/2

Interprété par Melanie C.

Do I

Someone said in a book I read
Love turns on like a light in your head
When it does you can't say why
You just hold on tight, go for a ride
Life can change in a second or two
That's how it felt, when I saw you
All I need is honesty, tell me baby

Do I, do I
Do I feel like someone you could love yeah
Do I, do I
Do I feel like someone you could hold on too
Am I the one
The one who makes you come undone
Do I, do I

Like a planet
Spinning around the sun
Something cosmic has begun
We won't swim against the time
We just hold on tight, go for a ride
Lightning strikes in a second or two
That's how it felt, when I saw you
I can't hold it back no more
Tell me baby

Do I, do I
Do I feel like someone you could love yeah
Do I, do I
Do I feel like someone you could hold on too
Am I the one
The one who makes you come undone
Do I, do I

(Do I, do I)
Do I, do, do I

Something happened when I met you
I can see in your eyes you felt it too
I don't wanna talk anymore
Be my baby

Do I, do I
Do I feel like someone you could love yeah
Do I, do I

Do I - 2/2

Do I feel like someone you could hold on too
Am I the one
The one who makes you come undone
Do I, do I
Do I, do I...
