

Heaven - 1/2

Interprété par Kelly Rowland.

i wanna love together
Kiss and touching feels better
Now that I have, have you
I couldn't ask for nothing more like
Just a breeze in summer days
Autumn above the sun not to rain
You've always seemed too proud to me with your love
If you're far away
I want you near my selfish shade
No words I saw some city can
It takes the joy to stop my tears
I'm so in love

I have found those treasure in this ocean of pleasure
And now that I have, have you
I won't search for anything more
Oh love
What had been done to me
This crazy feeling I can't describe
It feels like love it must be love it must be love
Feels like snowcraze in mountain tops
When I see your eyes from afar
All I can do is run with the primes
Love is all I got
I feel so at home
Live alone

Oh love
Love, when I'm in love
It feels like I'm melting into you
You keep me so warm
Ooh I feel so high above
Got a glimpse of heaven in your eyes
It's sure it'd be love
Your love so good

Baby we grow together
This is the joy it never ends
There's nothing I'd rather see
Then the love in your eyes' on me
Cause it's feeling so surreal
It touch the places you didn't feel
I used to open now I feel trust in love
I'm a lady in love of joy
You're the disconnection of dirty boy
I were sent to tell you feel the voice
I'm so in love

Heaven - 2/2

Love, oh my love
You keep me so warm
It's like I'm melting into you
Melting, I'm melting
You keep me so good
Oh I feel so high above
I'd feel so high
Got a glimpse of heaven in your eyes
It's sure it'd be love
Your love so good
Love, love, oh oh
It's like I'm melting into you
I'm melting
