

## It's War - 1/1

**Interprété par Une Vie Moins Ordinaire.**

Oh, come crush me now  
Don't leave  
no one has won this war  
this time

No, don't sleep tonight  
I'm hurt and ready for fire  
Don't leave me up  
alarmed and ready to die

chorus:  
Come on, it's war, come on  
come on, come on, come on  
come on, it's war, come on  
come on, come on, come on

this is war

Stay, I'm almost done  
don't retreat  
I've loaded my gun  
with love, with love  
Hear the dust roll over the floor  
why must you sleep?  
Come crush me now  
I'm armed  
and ready to die

[chorus]

it's war  
Come crush me now  
Come crush me now
