

## Pristina - 1/1

**Interprété par Faith no more.**

I'm watching you

You shall weep no more  
It's your last breath of air  
These walls won't keep them out  
They'll keep you in  
But who's going to protect you?

Who?

In every flower bed  
In every marriage bed  
I'll be with you

I'm watching you
