Soledad - 1/1

Interprété par Mano Negra.

Nobody's coming through my way
I'm drowing in the crown with nothin to say
Waitin for a better day
This is another beatiful Sunday
It's alway the same old show
When trouble is comin by the door
Love jumpo through teh window
Here I am alone with nowhere to go
Soledad (no quero no!)
Stinkin with your heavy perfume
The kinf I will never loose
Whistlin your favourite tune
Called the Black Widow Blues
Soledad...
Stinkin with your heavy perfume
Whistlin your favourite tune
"soledad lo que a mi me va
Soledad a mi me da la vida"
