

Girlfriend - 1/1

Interprété par Daniel Bedingfield.

Girlfriend

You make my head start spinning around

And all I can ever hear is the sound

Of your heart beating in my ears

Girlfriend

This boy has found another reason to sing

You're reminding me of everything

That I hold dear in my heart

And I'm feeling elevated

Lifted to my highest dream

My whole world's revolving in circles round your heart

You gotta be the one for me or else life makes no sense

So wrap your arms around me

Kiss me till I'm dead

Girlfriend

A girl like you would take an army to find

I glad I am that you said you would be mine

standing there in the cold, dark night

Girlfriend

Let me take you to the fields of the sun

How much it means to me that you are the one

That I hold here in my arms
