Wake Up Call

This is your wake up call... young hearts be free

Get up, get on, get out about and shout it Tell 'em all you're dressed and on your way Oh there's absolutely no doubt about it This is your wake up call You're gonna miss it all

Am I the only one out there that's listening Cos it's such a lovely noise that I can hear Eyes are opening up to all around them This is their wake up call They're gonna miss it all

Can you feel what's happening here Everything is changing all around you It's in the air, electricity Everybody, yes everybody's waking up Good morning to you

You're not the only one out there who's running But the man who's sitting next to you's asleep So pick him up and shake him till he hears you This is his wake up call He's gonna miss it all

Can you feel what's happening here Everything is changing all around you It's in the air, electricity Everybody, yes everybody's waking up Good morning to you

Those who've done all they can do sleep easy Those that turn away, they sleep alone But there's no doubt about it absolutely This is a wake up call We 're gonna miss it all

This is your wake up call This is your wake up call This is your wake up call You're gonna miss it You're gonna miss it all
