

Everytime - 1/1

Interprété par The Flames.

Everytime I see you
I wanna be with you
And every time I'm with you
Don't wanna let you go no no no

To all the rivers heve run dry
And all the birds forget how to fly
I only hope you know
I'm hopeless without you

Everytime I'm with you
Only want to kiss you
And everytime I kiss you
My heart goes lutilu

Everytime you hold me close
I only hope you know
What only you can do
Whenever I see you

Everytime I'm with you
Only want to kiss you
And everytime I kiss you
My heart goes lutilu

Everytime you hold me close
I only hope you know
What only you can do
Whenever I see you
