

## Angel - 1/2

**Interprété par Dmx.**

What good is it..  
for a man to, gain the world..  
yet lose his own soul, in the process?  
[Bell] God loves you, yes he does  
Said you're alright with him  
[DMX] I wonder..  
Chorus: Regina Bell (repeat 2X)  
I know you never seen him but don't fight with him  
You're gonna make it through the night to the light with him  
Uhh, you're alright with him  
I said you're alright with him  
[DMX]  
I'm callin out to you Lord, because I need your help  
See once again I'm havin difficulty savin myself  
behavin myself, you told me what to do, and I do it  
But every and now and then, gets a little harder to go through it  
Losin friends, day by day  
I'm in so much pain when I'm here Lord, please take me away  
I put you here to do a job, and your work ain't done  
To live is to suffer, but you're still my son  
And there will be a time when you shine as bright as the stars  
But there won't be a, his or hers, just ours  
Then you'll see what I've been tryin to show you, all these years  
Do the right thing; cause after the tears, come the cheers  
I will, my Lord, with my heart, and my soul  
That's gonna be how I roll, from now until I'm old  
Lead and I'll follow, you take away the sorrow  
I'ma sleep on what you said and holla back tomorrow  
Chorus  
[DMX]  
I want you to know Lord, that for what you've given me I'm thankful  
Sincerely, from the bottom of my heart, I'm grateful  
You gave us power in our words, so I think before I speak  
And that way when I speak, they know I'm here to teach  
Can't tell em nothin wrong, cause I love em too much  
I reach a lot of people, and Lord, I'm lovin the touch  
But deep inside, I've got somethin that's workin against  
everything I know is right, what I know makes sense  
That's when you must fight harder, than you've ever fought before  
cause what you've got goin on inside you is a war  
between good and evil, be careful of those who wanna be you  
They smile, but are not really happy when they see you  
Be careful of the ones that always wanna get you high  
Cause when the time comes, that one'll let you die  
Listen to me! I'm here, but I can only help you  
if you want me to help, what do you want for yourself?  
Chorus

## Angel - 2/2

[DMX]

My Lord, my saviour, don't judge my behaviour  
but instead, take what's in my heart and put it in my head  
See I guess I really never knew, how proud I made you  
My life is yours, my soul I gave you  
I don't know if I'll do good enough (he's by your side)  
And we both know the hood is rough (right by your side)  
Sometimes I don't know what to do (X, dry your eyes)  
But I know what I gotta do (it'll be alright)  
You keep givin me the word, and I'll put it to song  
Talk to me, I'll talk to them, and we can't go wrong  
This is the start of somethin strong, and this is just the start of it  
Praises to you my Lord, for lettin me be a part of it  
I was that kid that, been there, did that  
Became ashamed so I hid that  
But, ain't no longer with that  
Use me as an example - if I can do, then they can too  
With the Lord behind us, there ain't nothin that we can't do

Chorus

[Regina Bell]

He's by your side  
Right by your side  
X, dry your eyes  
cause it'll be alright  
Yeah, he's by your side  
Right by your side  
X, dry your eyes  
Cause, it'sssssssss gonna be alright  
Yeah yeah, yes it isssssssss
