

## Crush - 1/1

**Interprété par Mandy Moore.**

You know everything that I'm afraid of  
You too, everything I shouted  
Everybody wants you,  
Everybody love you

I know I should tell you how I feel  
I wish everyone would disappear  
Every time you call me  
I'm to scared to be me and I'm to shy to say

Ooh I gotta crush on you  
I hope you feel the way that I do  
I get a rush when I'm with you  
Ooh I gotta crush on you, a crush on you

You know, I'm the one that you can talk to  
Sometimes you tell me things that I don't want to know  
I just want to hold you

You say exactly how you feel about her  
I wonder have you ever think about me that way

I gotta crush on you  
I hope you feel the way that I do  
I get a rush when I'm with you  
Ooh I gotta crush on you, a crush on you

Ooh I wish I could tell somebody  
But there's no one to talk to , nobody knows  
I gotta crush on you , a crush on you  
I gotta crush

You say, everything that no one says  
But I feel everything that your afraid to feel  
I will always want you I will always love you

I gotta crush on you  
I hope you feel the way that I do  
I get a rush when I'm with you  
Ooh I gotta crush on you , a crush on you
