

I Miss You - 1/2

Interprété par Dream Street.

Although you're so many miles from me
I just want you to know I could never forget you...

Sitting here in my room alone
Got the radio on
And it's playing our song
I keep your picture beside my bed
And as I hold it so close
I keep hearing you saying
"I love you, and wherever I am I'm thinking of you"
So until you come back to me...

Send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you

Tears like rain falling from my eyes
As we said our goodbye
I could feel my heart break
Only emptiness filled my soul
I was half not whole
But I pray you'll come back
Because I love you (Ooh I love you)
And I want you to know I'm thinking of you
Every hour of the day, baby

I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you

And if the distance keeps you from my side
It won't change my mind
I'll be waiting for you
And even though yesterday has gone
We can dream for today
Believe in tomorrow

I'll send my love to you straight from the heart
Baby I miss you (baby I miss you)
I feel you so near though we're so far apart
Baby I miss you, baby I miss you
I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you

I Miss You - 2/2

You know I'm so lost...without you

Sending all my love to you straight from the heart

Baby I miss you

I'll be sending all my love to you straight from the heart

Baby I miss you, you know I do

I'll be sending all my love to you straight from the heart

Baby I miss you

I'll be sending all my love to you straight from the heart

Baby I miss you
