NO ONE'S KIND

What the fuck's the purpose  
I didn't scratch the surface  
Immune to what your saying  
All along decaying  
Can't see thru the fire  
Darkness lone desire  
Quiet in my corner  
Building up the border  
Refrain:  
Can't stand the way you make me feel today  
No one's kind is all you'll ever be  
Can't see thru the rain  
Too much time  
No sublime  
Loss of energy  
No symmentry  
Fuck society  
Lost in naivety  
Refrain  
Can't bite the hand that feeds me  
Can't take away what's in me  
Addicted to the feelings  
Lose touch with all i've know  
The cobwebs on the ceiling  
Make me aware that i'm all alone  
The endless rain washes all away  
Makes clean the mess I have made
