## Interprété par Metallica.

And it feels right this time.....
On this crash-course we're in the big time...
Pay no mind to the distant thunder,
Beauty fills his head with wonder, boy...

Says it feels right this time.. Turn around / 'found new Highlight.. Good Day to be Alive, Sir! Good Day to be Alive he said....

## [#refrain]

Then it comes to be that the soothing light at the end of your tunnel.... is just a freight train comin' your way. (x2)

Don't it feel right like this??
All the pieces fall to his wish..
Suck up for that quick reward, boy!
Suck up for that quick reward he said...

[#refrain avec en plus:]
Yeah...It's comin' your way.....Yeah!
Here comes!

Yeah! Then it comes to be that the SOOthing light at the end of your tunnel.... ....is just the Freight Train coming your way..Yeah!

Then it comes to be yeah! (x8)
