

What A Scene - 1/1

Interprété par The Goo Goo Dolls.

When you're feeling all wrong in the back of your mind again
How does it feel
When you drop down everything's all the same
Saccharine caffeine nicotine gum
Yeah it tastes sweet but it's not for long
And I just think you thought it would be
When you're looking for truth on the cover of a magazine
How does it feel
When you find out what you're not gonna be
They give you your image and the things you believe
Open your eyes tell me what did you see
And I just think you thought it surreal

How does it feel when you're out on your own
And now it's too late to come home
And it's hard to be free when you're down on your knees
Take it easy till you make it alone

Now you're a supermarket punk rock television comedy
Out on the scene
Yeah I bit down now there's no hand to feed
And all the beautiful images lining your walls
Pop radio screaming down the halls
Now you think you found something real
When it's all about money and the things that you need
Live a big lie and they all believe
Now I just find that somehow obscene

How does it feel when you're out on your own
And now it's too late to come home
And it's hard to be free when you're down on your knees
Take it easy till you make it alone
Take it easy till you make it alone
What a scene
Yeah
When it's all been said before
And all been done
Take it easy till you make it alone
Take it easy til you make it alone
