

Blow Your Mind - 1/1

Interprété par Nick Carter.

Girl

I saw you dancing
I'm lookin like trash
Yet you're glancing
I said hello I'm a rock star
She said I don't care who you are
Just take me with you
And I will blow your mind

[Chorus]

This girl was crazy
Completely out of line
But how she amazed me
Ya should've seen her grind
I guess she blew my mind

So we've gone past dating
She's spending my cash
And I'm up waiting

I said baby why the new car?
She said I'm the girlfriend of a star
Just let me handle this
And I will blow your mind

[Chorus]

Yeah, yeah, yeah
Ya should've seen her grind
I guess she blew my mind

So typically me
Always fallin for the easy
And now I can't breathe
So typically me
Always fallin for the easy
And when you can't see
She's gonna blow your mind
