

So anxious - 1/1

Interprété par Ginuwine.

Verse 1]

Nine o'clock, home alone, paging you
Wishing you'd come over my place after while
Let me know
We can't just keep talking about the last time you were here
What we did [no sleep till morning]
Only bubble baths and back rubs
Girl I hope you hurry 'cause I'm so anxious

[Chorus]

I'm so anxious so meet me at eleven-thirty
I love the way your talkin' dirty
Said I'm so anxious girl could you quit this stallin'
You know I'm a sexaholic said I'm
(Repeat)

[Verse 2]

It' 10:10 where you been, did you get my message?
(Your expression is tellin' me that you've been thinkin' the same thang)
The same thang I've been thinkin'
You say you're workin', well hit me just as soon as you're shift is over
And I'll be waitin' 'cause I can't sleep for reminiscin'
Reminscin' about you and what we do
Hit me back and I you hope 'cause I'm so anxious

[Chorus]

[Verse 3]

Said as soon as you hit the door
I'mma pull you down on the floor
And before we get to touch the bed
Baby back up every you said
And before we, got to hit the lights
And before we start the candlelights
Baby girl I wanna bump and grind
This is somthing that's been on my mind

[Musical Interlude]

[Chorus]
