

## Let's Take A Ride - 1/2

**Interprété par Justin Timberlake.**

Hop in the car and go with me  
You don't have to pack everything  
Don't you wanna feel the breeze?  
And forget everything baby  
Hop in the car and go with me  
You don't have to pack everything  
Don't you wanna feel the breeze  
And forget everything baby

Got laid off at your job today  
You've been working at this place for years  
And though you were underpaid  
Mami, that place isn't worthy our tears (oooooh oh)  
I know that life is hard on you  
And you can't seem to find out why  
I'll explain, just grab your coat  
And just join me on this ride

Lets take a ride  
On the countryside  
Lets just get away  
We could spend the night  
Till the morning light  
Lets just get away

Girl you're the best  
You could be an angel among society  
But you get crushed  
>From what you see  
You drop your heart to help and Thatz enough for me  
Try to change what you can  
And accept all the things you cannot (Don't stress yourself baby)  
I know you wanna fly away from the world  
But for now with the time we've got

Lets take a ride  
On the countryside  
Lets just get away  
We could spend the night  
Till the morning light  
Lets just get away  
Lets take a ride  
On the countryside  
Lets just get away  
We could spend the night  
Till the morning light  
Lets just get away

## Let's Take A Ride - 2/2

Maybe if you consider  
Us just riding  
But once you feel like a winner  
No more cryin  
Baby I know just what you need  
To let your hair down  
So that you feel free  
It hurts me to watch you sing the blues  
You're so confused  
And I know just what to do

Lets take a ride  
On the countryside  
Lets just get away  
We could spend the night  
Till the morning light  
Lets just get away  
Lets take a ride

Hop in the car and go with me  
You don't have to pack everything  
Don't you wanna feel the breeze  
and forget everything baby  
Letz take a ride  
Hop in the car and go with me  
You don't have to pack everything  
Don't you wanna feel the breeze  
and forget everything baby  
Letz take a ride

Lets go girl
